Board Candidate Statements:

Chris Tilley - I want to ensure the NCRM remains on sound financial footing for continued viability, and operates safely in compliance with FRA and local rules to provide a fun, historical train ride to the public while providing a meaningful railroad operating experience to the volunteers. My extensive military experience as a planner and coordinator and my experience on the B&O Historical Society Board of Directors will improve communications. I was born in Atlanta, and grew up watching trains on the Southern and Family Lines railroads. I recently retired from a 30 year career as an Army Reserve Colonel.

Dave Dick - I have been involved in the decision making process at the museum as a former board member and Vice President. Over the years I have witnessed some very positive changes to the organization that not only allowed us to grow as a museum, but also maintain relevancy in a time when it was almost impossible to do. I have been an active member since 1992, and part of the group having created the steam program. Last year I was very much involved with the negotiation and ultimately the donation of Cliffside #110 to the NCRM.

Chris Siegl - My personal goals include expanding our membership especially to draw in younger folks, expand our activities with scouting groups and improve our visitor experience. As current Superintendent of the G-Scale Division, we could benefit from representation in the BoD and provide a unique perspective. I have also been a part of the G-Scale layout, rebuilding bridge over Old US1, passenger car build out from flat car, and been Santa on our trains at Christmas. I grew up in center city Philadelphia with frequent visits to the Reading Terminal and riding both Reading and Pennsylvania trains.
